

Ada

Design: Jonas Stokke, 2021

LK H

Ada

Ada combines a delicate, refined expression with exceptional comfort, featuring enhanced lumbar support. The chair series follows circular design principles to enhance longevity: All components are designed for easy replacement, including the covers.

A range of customization options.

With four leg options, two widths, two armrest designs and two heights, Ada offers a flexible solution that can be tailored to a wide range of purposes. Configure it as a dining chair, for office environments or for conference rooms.

Technical information:

Seat:

- Available in a wide range of fabrics and leathers. Fabrics with a certain degree of elasticity are recommended.
- Material composition: Steel frame with moulded cold foam.
- Loop armrest: Available in durable anodized aluminium: polished or black (RAL 9005). The armrest can be purchased separately and attached to any Ada chair without armrests.
