Stay playful

The designers Hvass & Hannibal do fun, mischievous and anarchist projects. A common thread through the production is generosity, empathy and sometimes the almost childish. The exotic landscapes they experienced as children are revealed in their work as adults. The pillow-collection for LK Hjelle is a result created from this universe. The fabric is woven in fine wool quality at Innvik/Kvadrat and Kristina Aas.

Hvass&Hannibal

Hvass&Hannibal was founded in Copenhagen in 2006 by Nan Na Hvass & Sofie Hannibal, while attending the Royal Danish Academy of Fine Arts' School of Design. The studio works with graphic design solutions, illustration, identity design, textiles, printmaking, interior and more. The two have received several awards, held jury positions in a range of competitions, as well as given talks and workshops at conferences and educational institutions in Asia and across Europe.

With a drive to continuously challenge their own creative output, the duo has from the beginning been pushing the boundaries of graphic design, illustration and art direction. Whether in 2 or 3 dimensions, digital or print, Hvass&Hannibal aim to create distinct imagery and unique concepts for a range of international clients.
