Pal

A good pal

Whether you're giving your feet a well-deserved break or needing an extra seat for guests, Pal's got your back (or should we say, your feet?). Its clean design plays well with others, fitting in wherever you place it.

And the best part? Pal comes with a removable cover for quick and easy updates, and it's filled with lightweight styrofoam beads. So, moving it around is a breeze - your perfect companion for any occasion!

Dag Hjelle

As a third generation Hjelle, Dag is armed with precise skills he learned while growing up and working every summer in the factory. “Being part of this family business has taught me a lot about craftsmanship, materials and techniques,” he says.

Dag is always working closely together with our retailers to find out what is in demand and he has a great eye for proportions and details, with a great focus on comfort.
